Alpha, No. 10, combination for oil or water, with four hard rubber tips and our patent collapsible tube. Produces a very fine and gentle continuous spray. Adapted for the vaporization of medicinal agents for the cure of throat and nasal affections. It is supplied with a special red tip for oils, alboline, vaseline, etc.; a bulbous swivel tip for the nose; a curved swivel tip for nasopharyngeal treatment; a straight tip for throat, etc.....doz. 12 00

ATOMIZERS.

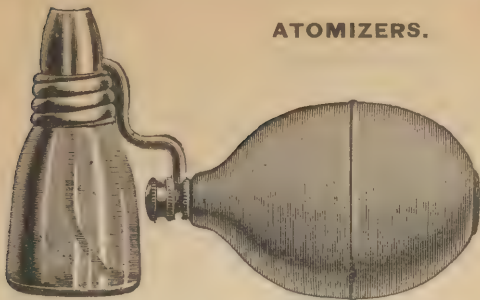

Alpha, No. 20, with two hard rubber tips and one soft rubber nasal tip, patent collapsible tube, perfect valve arrangement. It is furnished with a hard rubber straight tip for treating the throat, a curved hard rubber swivel tip for naso-pharyngeal treatment, and a soft bulbous tip, adapted to fit the curved swivel tip, for the nose. Our patented collapsible tube produces a very fine and gentle continuous spray that may be used without pain upon the most sensitively inflamed surface. It also renders the action of the bulb so easy that it can be operated by a gentle pressure, thereby relieving the hand of that tiresome pumping required in all other single bulb atomizers.doz. \$8 00

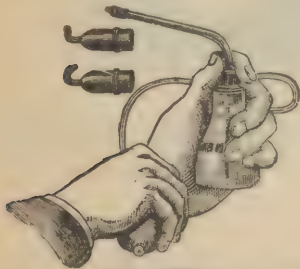

Alpha, No. 40, continuous spray. This atomizer is made of hard rubber and has one plain tip adapted for spraying perfumes or disinfectants, also for throat and nasal applications. The perfected valve arrangement strengthens the bulb and is perfect in simplicity; entirely obviating the leaking of air so universal with exposed inlet valvesdoz. 4 00

One gallon size, 5 cents extra. Red line in border at same price.

All other styles of glass labels furnished at manufacturers' lowest prices. In ordering glass labels for shop furniture already in use, give *circumference* of bottle.

DIRECTIONS FOR PUTTING ON GLASS LABELS.

Cement.—Yellow wax, 1 part; resin, 2 parts; melt together with a gentle heat. Place the bottle (which should be clean and dry) in a horizontal position; apply the cement, when about the consistency of syrup, with a spoon or small brush to the label, and carefully press evenly upon the bottle. While the cement is still soft, pass the point of a knife around the edge of the label, so as to form a groove. Allow the cement to thoroughly harden before removing what adheres to the bottle outside the groove. Clean the bottle and label with a little turpentine. To insure uniformity of position, make a gauge for each size bottle, measuring from the bottom of the bottle to the bottom of the label. Labels may be removed by carefully heating.

STOCKINGS, ELASTIC.

A large assortment constantly on hand. Special sizes made to order on short notice.

DIRECTIONS FOR ORDERING.

For Stockings to reach from bottom of foot to garter: Give measurement at A, B, C, D; length from bottom of foot to D.

For Stockings to reach F: Give measurement at A, B, C, D, E, F; length from bottom of foot to E, and from E to F.

For Thigh Stocking: Give measurement at A, B, C, D, E, F, G, H; length from bottom of foot to E, and from E to H.

For Knee Caps: Give measurement at D, E, F; length from D to F.

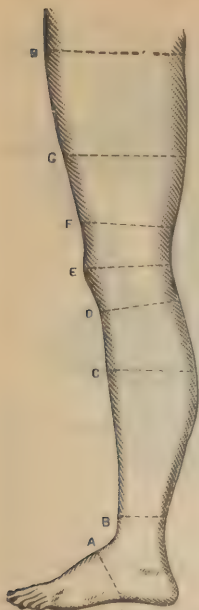

For Anklets: Give measurement at A, B.

Measurements should be taken in the morning, when the limb is as near natural size as possible.

Give *exact* measurement of limb; we allow for expansion.

In ordering stockings, please state whether light, medium or heavy silk, elastic or cotton goods are wanted, as the prices vary accordingly.

Stockings cannot be returned after trying on.

TRUSSES.

Dr. Parker's Lever Elastic Truss and Abdominal Supporter, Fig. 23.

Singledoz. \$21 00 | Double.....doz. 24 00

The Lever Elastic Truss is an Elastic Band, united to an abdominal pad, as here represented, of proper shape and construction to give a support to the abdominal muscles, with one or two adjustable rupture pads attached as the case may require for single and double rupture. Firmly attached to the lower part of the abdominal pad is a graduated spring lever, the object of which invention is to overcome the objections which have always hitherto rendered the various so-called elastic trusses almost useless for retaining hernia. The effect of our Graduated

Lever is to increase the pressure on the lower part of the abdominal pad, and at the same time bringing about an upward and inward support, thereby effectually preventing any escape of the rupture; this result is absolutely unattainable in any other elastic or belt truss now before the public.

It will be found in cases of umbilical rupture that the surrounding parts have accommodated themselves to the protrusion, and when the rupture is reduced there is a cavity left unfilled in proportion to the size of the rupture. It is evident this cavity must be filled and kept filled from the outside, or the bowel will fill this space from the inside.

DR. PARKER'S MONARCH TRUSS.

Patented July 6, 1886.

TRUSSES, HARD RUBBER.

Single, Fig. 117	doz.	21 00
Double, " 118	"	42 00

TRUSSES, HARD RUBBER, SEELEY'S.

Perfection reached at last by improvements on the "Common Sense Truss" that Dr. Parker has made so famous in almost every country in the world.

The Monarch Truss is only the width of the spring at the connection of the spring and the pad part, thus avoiding the irritation that has been so troublesome in trusses generally.

The octagon projection combined with the ring-screw renders the joint more secure, less cumbersome; perfect adjustment right and left at different angles. The ring-screw pressing direct against the ball, in connection with two set-screws at an angle opposite, which are placed under the pad plate, effectually control the ball and socket joint.

Springs enameled full length, and of proper shape, Russia calf or silk cover pad plate, and neck gold plated. Enameled, cedar or soft pads. The finest truss for the money on the market.

Fig. 4.

Figure 4 represents our reversible Clutch Joint Single Truss, with Deep Convex Pad. Ball and socket action governed by set screw, adjustable from the ruptured side, and is applicable to either right or left hernia.

Singledoz. \$19 50
Double " \$9 00

Fig. 5.

Figure 5 represents our Adjustable French Single Truss, applied from the affected or ruptured side, and is designed for one side only (made both right and left). The hernia pad is especially constructed to conform to the inguinal region and

lower abdomen, and can be moved laterally by a set-screw attachment.

The pad is made in two sizes, "No. 1 A. F." being the larger and "No. 2 A. F." the smaller.

Number stamped on spring corresponds with circumference of body.	{ 1 2 3 4 5 6 29 to 31. 31 to 33. 33 to 35. 35 to 37. 38 to 41. 42 to 44 in.

This is to remind you that

McElroy's Glass Syringes

received the highest premium from the U. S. Centennial Commission in 1876, and to inform you that the quality of these goods has been so decidedly **improved** from year to year since the above date, that now McElroy's Syringes are recommended by the most careful physicians and conscientious druggists in **preference to those made of hard rubber** or other opaque material. By keeping these goods in stock you are at all times ready to supply your trade with **good, honestly made** instruments that will give entire satisfaction. When you order McElroy's Syringes do not allow the jobbers to substitute an imitation, or put you off with the plea that they cannot get them. I **positively assure** you that every wholesale druggist in America who keeps abreast of the times knows just where to buy McElroy's Syringes and what they cost. When the **quality** of these goods is considered, it is admitted by all honest men familiar with the glass business, that, in the **true sense of the word**, McElroy's Syringes are the cheapest in the market. On each and every syringe there is a label bearing my name and address.

P. J. McELROY, East Cambridge, Mass.

LORD, OWEN & CO., CHICAGO.

EVERY DRUGGIST

Should have on hand a good supply of
the two staples:

ALLCOCK'S

Porous Plasters

AND

BRANDRETH'S PILLS.

These goods always give the customer satisfaction, and a pleased customer is the best advertisement you can have—helps us, to be sure—but not more than it helps you.

Should our PLASTERS or PILLS get damaged while in your store, from any cause whatever, send them back to us and we will make them good and pay postage both ways.

LORD, OWEN & CO., CHICAGO.

"Bicycle" Playing Cards are used all over the world.
They sell readily—sell themselves—
because they have been so universally tested.
Their peculiar slip, finish and dealing qualities are
not found in other makes at the same price.
Don't accept substitutes or imitations.

"U. S." and
"National"

PLAYING CARDS

THE TRADE SUPPLIED BY

Lord, Owen & Co.

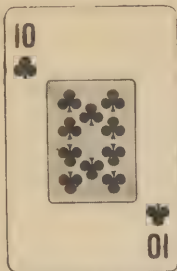

CHICAGO, ILL.

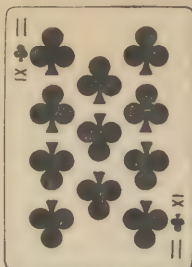

Why do

Millions of players buy more millions of
packs of "Bicycles" every year, not only in
the United States but all over the world?

"Bicycles" give universal satisfaction, because of
their unequaled slip, finish, dealing and wearing qualities.

LORD, OWEN & CO., CHICAGO.

Hyomei is a purely vegetable antiseptic, and destroys the germs which cause disease in the respiratory organs. The air, charged with Hyomei, is inhaled at the mouth, and after permeating the minutest air-cells, is exhaled through the nose. It is aromatic, delightful to inhale, and gives immediate relief.

Pocket Inhaler Outfit, Complete in Sealed Case, \$1.00; consisting of pocket inhaler, made of deodorized hard rubber (beautifully polished), a bottle of Hyomei, a dropper, and full directions for using. If you are still skeptical, send your address; my pamphlet shall prove that Hyomei does cure.

Are you open to conviction?

R. T. BOOTH, 23 East 20th St., New York.

LITERATURE ON THE ABOVE MAILED UPON APPLICATION

PHILADELPHIA, PA.

LORD, OWEN & CO., CHICAGO.

Stone's Patent Paper Julep Straws.

Patented July 8, 1887, January 3, 1888, and October 16, 1894.

MY straws are made of Manila paper, thoroughly saturated with hot paraffine wax of 140° melting point. This wax is of the highest grade known and is made especially for me. These straws are entirely free from taste or odor, and are not affected by anything ever used as a drink. They never become "musty."

Many of the natural straws are cracked and very many of them are filled on the inside with dried mould or "must." None of the natural straws are large enough. Every paper straw is sweet, clean and perfect, and is large enough so that one will always suffice.

Paper straws can never be used but once, as they will always show the marks of use.

If you take into account the fact that every paper straw is sweet, clean and perfect, and is large enough so that every straw goes; that you are not buying any

cracked or musty straws; that the attendant is not wasting time in making selections; that the customer is not losing time and patience; that you are getting more **good** paper straws for your money than you do natural straws, I think you will be convinced that the paper straw is cheaper, as well as better, than the natural straw.

After paper straws are once used they can be cut in half and each one will make an excellent taper for lighting cigars.

I refer to any reputable druggist in the country (nearly all of whom have adopted the paper straw in preference to the natural straw for use at soda fountains), as to the character of my goods and the materials of which they are made.

I do not sell goods at retail. Write for samples and **don't let this season go by without giving the goods a trial**, whether you are a club, hotel, restaurant, drug store or confectioner. I don't want any but the best trade. Ask your jobber for the goods, and if he hasn't got them write to me.

My paper straws are given the preference by all the best clubs, hotels, bars and soda fountains. My daily orders will average nearly one million paper straws per day during the season. A majority of the wholesale firms in the country have been handling my goods for several years. Quite a number handle several millions each of the paper straws annually. My sales are over 100 per cent. greater this year than last up to date.

M. G. STONE, SOLE MANUFACTURER,
430 9th Street, N. W., Washington, D. C.

LORD, OWEN & CO., CHICAGO.

Standard Household Remedies.

DR. D. JAYNE'S FAMILY MEDICINES

Are prepared with great care expressly for family use, and are so admirably calculated to preserve health and remove disease that no family should be without them. They consist of

Jayne's Expectorant, for Colds, Coughs, Asthma, Consumption, and all Lung and Throat Affections. It may be depended on to promote cures by facilitating expectoration and allaying inflammation.

Jayne's Tonic Vermifuge. There is no better **Tonic** for adults or children, and it is especially useful in all cases of disordered Digestion. For General Debility, Dyspepsia, and Sour Stomach, it is a certain curative, and for Worms and Intermittent Fevers of children it is an old-time remedy.

Jayne's Carminative Balsam, for Bowel and Summer Complaints, Colics, Cramps, Cholera, etc. It is a certain cure for Diarrhoea, Cholera Morbus, and Inflammation of the Bowels.

Jayne's Specific for Tape-Worm is a sure destroyer of this troublesome parasite, and usually drives it from the body in two or three hours.

Jayne's Alterative is the surest medicine for Purifying the Blood, and of established efficacy for Curing Scrofula, Goitre, Dropsy, Epilepsy, Salt Rheum, and all diseases of the Skin and Bones.

Jayne's Liniment, or Counter Irritant, for Sprains, Bruises, Soreness in the Bones or Muscles, helpful in Rheumatism or Neuralgia, and useful in all cases where an external application is appropriate.

Jayne's Sanative Pills, small size, sugar-coated, a mild Aperient or active Purgative, according to dose, and an effective remedy for all Bilious Affections, Liver Complaints, Costiveness, Dyspepsia and Sick Headache.

Jayne's Hair Tonic, for the Preservation, Beautifying, Growth, and restoration of the Hair. It is a pleasant dressing for the Hair, and a useful toilet article.

In settlements and localities where the attendance of a physician cannot be readily obtained, families will find these remedies of great service. The directions which accompany them are in plain, unprofessional language, easily understood by all, and in addition **JAYNE'S MEDICAL ALMANAC AND GUIDE TO HEALTH**, to be had gratis of all agents, contains besides a reliable Calendar, a Catalogue of Diseases, the **symptoms by which they may be known**, together with advice as to the proper remedies to be used.

Dr. MOLESWORTH'S CLIMAX DILATOR.

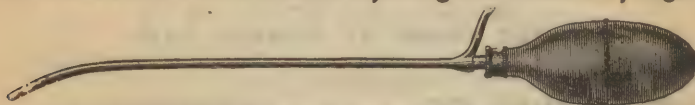

Tubes $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$ inch in diameter.

For dilating the Os and Cervix Uteri, Urethra, Cervix Cystici, Sinus, Strictures of the Esophagus, Vagina, Anus, etc., and as a general tampon.

Each instrument has four tubes; the smallest tube is one-eighth of an inch in diameter and capable of being dilated to one-half inch; the larger tubes will dilate to one, two and three inches in diameter. Price, \$12.00. With polished mahogany lock box, plush lined.

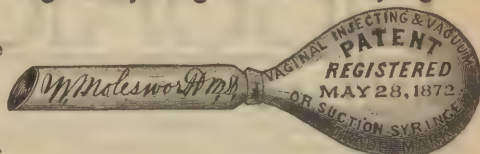

Dr. Molesworth's Intra-Uterine Injecting and Vacuum Syringe.

Send for illustrated circular and mention this catalogue. Price, \$4.50.

Dr. Molesworth's Vaginal Injecting and Suction Syringe.

Indorsed and
recommended by more
than nine-tenths
of all the physicians
who have examined it.

Is superior to all other vaginal instruments, for the following reasons:

- 1st. It is easier used and cleaned, because less complicated.
- 2d. It is less liable to be damaged or get out of repair by use, having no valve to be lost, or piston to become too tight or too loose.
- 3d. This is the only instrument that will carry a cleansing or medicated wash to every and all parts of the vagina and mouth of the womb.
- 4th. This is the only instrument that dilates and detaches from the walls, and removes by suction, without injury, all impurities or foreign matter that may be upon the walls and in the folds of the mucous membrane of the vagina, or within the mouth of the womb if open.

Dr. Molesworth's Syringe is the Only Reliable.

 **BEWARE OF BASE IMITATIONS.**

If any one offers you an instrument like ours, without Dr. Molesworth's name stamped on it, it is a base fraud, and the person selling the same is liable.

Price, \$10.50 per dozen.

S. H. KENNEDY'S CONCENTRATED EXTRACT OF

Oak Bark, Q. Alba,

"White and Dark."

Most valuable Aqueous Astringent known to the medical profession, and superior to anything of its kind made.

DR. J. MARION SIMS wrote of it in a personal letter under date of August 12th, 1871, in which he said: "I have used the Extract of 'White Oak Bark, Q. Alba,' to my entire satisfaction. I gave to one of my professional brethren some of it to test in his practice. After using it, he agreed with me that it was superior as a medicinal to the 'Hemlock Extract Pinus Canadensis.' I bespeak for this new 'Oak Extract, Q. Alba,' a cordial reception by the profession."

S. H. KENNEDY, Mfr., Johnstown, N. Y.

Pil Orientalis (Thompson)

CONTAINS

The New Aphrodisiac

Ambrosia Orientalis, which is endorsed by the medical profession as **the only** reliable remedy in the treatment of

ESTABLISHED 1797.

JOHN L. THOMPSON, SONS & CO., TROY, N. Y.,

JOBBER OF

Drugs and Heavy Chemicals.

The oldest Medicine in the World is probably

DR. ISAAC THOMPSON'S CELEBRATED EYE WATER.

This article is a carefully prepared physician's prescription, and has been in constant use for **nearly a century**. For all external inflammation of the eyes it is an infallible remedy. For safety and efficacy it has never been equaled in removing ophthalmia or inflammation of the eyes at the commencement, and in curing chronic cases from defluxion of sharp humors. If the directions are followed it will never fail. We particularly invite the attention of physicians to its merits.

CAUTION.

Any Thompson's Eye Water which has not the portrait of the inventor, **Dr. Isaac Thompson**, engraved on a white wrapper, together with the signatures of Isaac Thompson and John L. Thompson, is **spurious**.

This article can be had with either English or Spanish directions.

MICH.

ALABASTINE.

THE PERMANENT COATING FOR WALLS.

Ready for use by mixing in COLD WATER.

Also Adapted to All Styles of Wall Relief Work.

Salient Points worthy of Consideration by the Trade.

Alabastine is not a kalsomine.

Alabastine is the only article for the purpose advertised in newspapers.

Alabastine is extensively advertised, and in demand.

People ask for Alabastine, the sanitary and permanent coating.

They are posted on its merits through extensive advertising and experience with it, and **insist on having Alabastine.**

Life is too short to attempt to sell your customers what they do not want.

If you have not Alabastine in stock, they will buy from your competitor, and at the same time buy other lines of goods.

Alabastine draws trade, and with the special advertising we furnish a dealer, brings new customers to his store.

Your net profits are larger on Alabastine than on any other article offered for the purpose.

You can buy cheap kalsomines under various names, but with your best efforts you can sell but a fractional part of the quantity you could of Alabastine, hence your profits will be less.

Profits and not **prices** are considered by the shrewd dealer.

No chances are taken on remnants, as we are doing a living business, and are in it permanently.

Look to your stocks, and if not complete, do not delay until after the season has opened.

THE TRADE SUPPLIED BY

LORD, OWEN & CO. Chicago, Ill.

SEAMLESS Rubber Company, NEW HAVEN, CONN.

Makers of the only Patent
Seamless Nipples
AND
FINGER COTS.

These goods are the best made for
the following reasons:

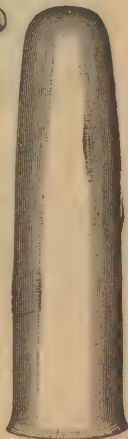

They are made from the best Para Rubber, and the process is such that goods will keep longer in stock without getting hard; there are no seams to split, and the trade is pleased.

When ordering, specify "Seamless." Give these goods a trial and be convinced of their superiority, and don't forget to order our "Saratoga" Fountain Syringe, which will bear the same strong recommendation as our Nipples and Finger Cots. Our goods are all quoted in their proper place in the body of this Catalogue. Give them a trial.

BROMO-CHLORALUM

Is Odorless, Non-Poisonous and Safe.

ITS MEDICINAL PROPERTIES ARE STYPTIC, ANTISEPTIC, ALTERATIVE,
DEODORIZING, AND DISINFECTING.

Internal Alterative.—Used internally with perfect safety to allay irritation, inflammation and affections of the mucous surfaces and ulceration of the throat and bowels. In Scarlet Fever give two drops every two hours. This will abort the disease in most cases.

External Use.—As a wash in Small Pox, Scarlet Fever, Typhoid Fever and any contagious disease, to neutralize the specific poison thrown to the surface, and to prevent its absorption into the system.

As a Gargle.—In Diphtheria, Sore Throat, Canker, Catarrh and Bad Breath. In these affections, swallow a few drops in water.

To Remove Bad Odors and Foul Gases and to Disinfect Sick Rooms.—Suspend large cloths moistened with Bromo diluted; and for Fœtid Ulcers, Cancers and offensive discharges, wash it diluted.

Bromo-Chloralum should be Used in all Contagious Diseases.

It is highly concentrated for convenience of transportation. One Pint Bottle diluted with water will make twelve pints of proper strength for use.

BROMO CHEMICAL COMPANY.

Instant Crockery Mender.

MENDS SOLID AS A ROCK.

Crockery and Glassware mended with this will be **STRONGER** than before—so strong that it will break anywhere except where mended. Get an old piece of crockery and try it. It will cement iron, leather, wood, in fact **EVERYTHING**, and will hold **"SOLID AS A ROCK."**

WARINNER'S

PURIFIED

AROMATIZED CASTOR OIL

A GREAT BLESSING TO THE SICK,
AND ESPECIALLY TO CHILDREN.

(SEE BACK FLY LEAF.)

THIS CASTOR OIL IS CHARACTERIZED BY THE FOLLOWING UNIQUE ADVANTAGES:

1. It is not as liable to rancidity or deterioration by age or climatic exposure.
2. Ordinary Castor Oil, even of the best quality, is seldom available to patients of delicate organization; but by the use of Dr. Warinner's method the weakest stomach tolerates it whenever indicated.
3. The *desired effects* of Castor Oil are *greatly enhanced* by this process, while the properties which induce griping and "recoil" are wholly eliminated.

wants **POND'S EXTRACT** do not endeavor to foist upon him some other
article. He is sure to be dissatisfied, and it is to your interest to please the cus-
tomer. Keep what he wants, and sell what he asks for.

POND'S EXTRACT COMPANY,

76 FIFTH AVENUE, NEW YORK.

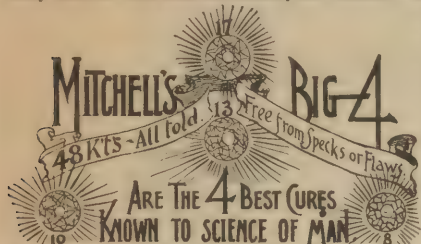

LORD, OWEN & CO., CHICAGO.

Kennebunk, York Co. Me.

Born Aug. 25, 1837.

The first sun I ever saw rise and set was in the Old Pine Tree State. I could not help it, either, and would not if I could. I am still manufacturing every description of Porous, Adhesive and Court Plasters, and make the highest-priced Plaster in the world. I make good goods and am content with reasonable profits. I neither borrow, beg, steal, nor exchange my products with my competitors, neither do I ask or copy any of their brain work, not one iota. I am the old original from the Pine Tree State, GEO. E. MITCHELL, Sole Proprietor and Founder of the **NOVELTY PLASTER WORKS**, Lowell, Mass., U. S. A. Established in 1864. The Pioneer of Plaster fame. The best goods are the cheapest in the end.

Since the close of the war, 1864, I have traveled continually each year, the entire length and breadth of the United States and Canada, from the Atlantic ocean to the Pacific ocean, from Manitoba to Halifax, Nova Scotia, stopping at every town and hamlet that had a drug store, thus making me perfectly familiar with both our country and Canada.

Ben shipwrecked twice on the Pacific slope, first on the Ajax, called a floating coffin; second on the Great Republic. Such knowledge I find of great importance to me in my business.

No. 1 is **MITCHELL'S Original Kidney Plasters**. Absorbs all diseases of the Kidneys and restores them to a healthy condition. Old chronic kidney sufferers say they received no relief until they tried Mitchell's Kidney Plasters. Cheap articles are dear at any price. When a person offers real, genuine gold dollars for fifty cents, beware! something must be wrong. Same with Kidney Plasters. When unscrupulous druggists offer you others in place of Mitchell's and say they are just as good, even superior, and larger, at half the price, something must be wrong. Get Mitchell's, and take no others, if you want a Sure Cure. Sold by all druggists and dealers in medicines everywhere, or sent by mail on receipt of Fifty Cents.

No. 2 is **MITCHELL'S Original Rheumatic Plasters**. For the cure of Rheumatism and Gout. "Whew! Dis the chup stole my onions; smell him breaf!" For you old, rich, lazy, guzzling beer drinkers, who have more money than brains, and do nothing but drink, eat, sleep and be merry, until you get so fat and corpulent that you can't see your own feet, who toddle backward and forward from one grog shop to another, drinking beer and other intoxicating drinks; when you have a bad spell of Gout or Rheumatism, just tackle a Mitchell's Rheumatic Plaster, the pioneer of plaster fame, and if the plaster don't get the best of your aches and pains, then I lose my guess; and you will say another sinner is converted and another soul made happy by the use of Mitchell's Original Rheumatic Plaster, ingredients of which are composed of rare medicinal gums, only found in Mitchell's that cure like the touch of the magic wand. Other makers copy Mitchell's in size and shape, which any fool could do, but in the absence of Mitchell's compound, which is peculiar to itself, you might as well use molasses or sticky fly paper and expect it to cure. Sold by all dealers in medicines, or mailed from the works on receipt of 25c.

No. 3 is **MITCHELL'S Original Belladonna Plasters**. The oldest and most reliable Belladonna Plaster made. Especially valuable for pain or weakness in Breast, Side, Back or Limbs; also for Liver Complaint, Weak Lungs, Coughs, Cold Spots between the Shoulders, Asthma, Difficulty in Breathing, Pleurisy, etc., in which cases they give immediate and permanent relief. For Female Weaknesses it beats all the pills in the world. "No maker has ever yet produced a Belladonna Plaster that has the same effect to cure like Mitchell's." Call for Mitchell's, the originator of combining Belladonna with Rubber. As Morse caught the lightning and caused it to talk, so did Mitchell conceive the idea of combining Belladonna with Rubber, which causes a cure. Sold by druggists everywhere, or by mail, 25 cents.

No. 4 is **MITCHELL'S Original Cure-All Corn and Bunion Plasters**. Last but Not Least. Nine cases out of ten where Mitchell's Cure-

All Corn and Bunion Plaster is applied, the pain leaves at once. This Plaster is just as good for Caloused Feet and for all sores on the Feet usually caused by chafing. If it pains you after wearing awhile, remove, and in a day or two apply a fresh piece. For Corns and Bunions and Soft Corns: Cover the Corn or Bunion all over with a Plaster, and a sure cure will be effected. Persons who will wear tight boots and shoes to make their feet look small should always use Mitchell's Cure-All Corn and Bunion Plasters. They are as thin as a sheet of paper, and do not take up so much room, and are not as clumsy as the old felt corn and bunion plasters. One trial will make a cripple dance for joy. Ask for Mitchell's Cure-All Corn and Bunion Plasters. Sold by druggists and dealers in medicine everywhere; 12 sheets in each box. Price, 50 cents per box. Manufactured by the **NOVELTY PLASTER WORKS**, Lowell, Mass.; G. E. Mitchell, Founder and Sole Proprietor. Founded in 1864. The Pioneer of Plaster Fame.
